Product data sheet
ECdrive 90 Kit *

Automatic linear sliding door system for doors with a leaf weight of up to 90 kg

AREAS OF APPLICATION

→ Single and double leaf sliding door systems

→ Interior and exterior doors with high access frequency

→ Complete solution for entrance areas with vestibule

→ Opening widths from 700 to 3000 mm possible

ECdrive 90 Kit *

PRODUCT FEATURES

→ Door control unit (DCU) equipped with self-learning function, helps implement intelligent operation

→ Operation and parameter setting for the DCU via Bluetooth over WeChat

→ Parameter setting and troubleshooting possible directly on the DCU without additional service tool

→ Very smooth-running, low-wear drive solution

→ The roller carriage has an anti-tip function and is easy to install and adjust

→ Rechargeable battery for emergency opening and closing in case of a power failure is available as an option

TECHNICAL DATA

Productname	ECdrive 90 Kit *
For 1-leaf door systems	Yes
For 2-leaf door systems	Yes
Depth	135 mm
Leaf weight (max.) 1-leaf	90 kg
Leaf weight (max.) 2-leaf	180 kg
Opening width 1-leaf	700 mm - 3000 mm
Opening width 2-leaf	900 mm - 3000 mm
Service temperature	–20 - 55 °C
IP rating	IP20
Standard conformity	EN 61000, 2011/65/EU

ECdrive 90 Kit *

ACCESSORIES

ECDRIVE 90 RECHARGEABLE BATTERY *

Ensure operation in the event of a power failure

Designation	Ident–No.
ECdrive 90 rechargeable battery *	195782

ECDRIVE 90 BLUETOOTH MODULE *

For operation of the sliding door system via Bluetooth

Designation	Ident–No.
ECdrive 90 Bluetooth module *	195770

ECDRIVE 90 ELECTRONIC BOLT LOCK *

Pin-tumbler lock for controlled closure of automatic sliding doors

Designation	Ident–No.
ECdrive 90 electronic bolt lock *	195771

ECDRIVE 90 WIRELESS PROGRAMME SWITCH MODULE *

Receiving module for activation of GEZE automatic doors

ECdrive 90 Kit *

Designation	Ident–No.
ECdrive 90 wireless programme switch module *	195783

ECDRIVE 90 PHOTOELECTRIC BARRIER *

Safety photoelectric barriers as single and double beam version for automatic sliding doors

Designation	Ident–No.
ECdrive 90 photoelectric barrier *	171305

ECDRIVE 90 MECHANICAL PROGRAMME SWITCH *

Mechanical programme switch for setting the mode of operation for automatic doors

Designation	Ident–No.
ECdrive 90 mechanical programme switch *	163247

ECDRIVE 90 RADAR *

Radar movement detector for the activation of automatic doors

Designation	Ident–No.
ECdrive 90 radar *	168104

ECdrive 90 Kit *

ECDRIVE 90 TRACK *

Track for the ECdrive 90 automatic sliding door system

Designation	Ident-No.
ECdrive 90 track *	196721
